Policy Modifications Summary

This section supplements the policy information in the 2017-2018 Course Catalog, pages 15 - 23, 33 – 39. The full text of all policy modifications follows this summary. All modifications listed below are corrections to erroneously omitted information in the 2017 -2018 Course Catalog and not an actual policy change.

Amended Institutional Policy

Grade of Fail or Unsatisfactory

The grade of Fail "F"/Unsatisfactory "U"/Withdrawal Fail "WF" can seriously affect the student's academic progress and the student's eligibility for financial aid. An "F"/"U"/"WF" in a prerequisite for other courses precludes the student from entering those courses until the "F"/"U"/"WF" has been rectified. In order to rectify the grade of "F"/"U"/"WF" the course must be repeated at the next available offering in the student's prescribed program of study (with the exception of selectives). A course may be repeated one time only. Both the original "F"/"U"/"WF" and the grade given in the repeated course appear on the student's transcript. If a second "F"/"U"/"WF" is earned for the repeated course, the student may be academically dismissed. (See Academic Probation and Academic Dismissal for prescribed program of study in SCNM 2017-2018 Course Catalog.)

Amended Admissions Policy

Veterans Benefits

SCNM's Doctor of Naturopathic Medicine program is an approved program of study by the Department of Veterans Affairs (VA) for students eligible to receive VA benefits. Eligibility for VA benefits is determined by the appropriate VA Benefits Office. Students must contact the VA Office and complete required approval forms to determine eligibility. After the student has completed the process, the student must submit their notice of eligibility and status of benefits to the Registrar's Office.

SCNM is an approved participant in the U.S. Department of Veterans Affairs Yellow Ribbon program. Individuals who qualify for the post-9/11 GI Bill® at the 100% rate may be eligible for additional funding to help them achieve their educational goal.

The Yellow Ribbon GI Education Enhancement Program (Yellow Ribbon Program) is a provision of the Post-9/11 GI Bill® that allows veterans to attend private schools and graduate programs costing more than the annual state tuition cap. Under the program, SCNM offers a veterans-only scholarship which the VA will then match. This benefit is offered to a limited number of students on a first-come, first-served basis. Veterans should contact the Registrar's Office for further information on benefits and submission of the Yellow Ribbon Program Application.

VA Benefits are not considered Estimated Financial Assistance when determining eligibility for Direct Loans. Veterans must continue to achieve Satisfactory Academic Progress (SAP) toward their educational program(s) each term in order to remain eligible for benefits. SCNM must report to the VA Office if a student is not making SAP or if there is any change in enrollment status. (See Satisfactory Academic Progress for prescribed program of study, 2017-2018 Course Catalog p. 44.)

Students who served on Active Duty may be eligible for education benefits offered by the Department of Veteran Affairs. Students currently serving in the military or who are the spouse or child of a service member may be eligible for funding offered through the Department of Defense Tuition Assistance program. Students should check eligibility status and the amount for which they qualify prior to enrolling. For additional information, refer to the financial aid web page on the SCNM website. SCNM has agreed to comply with the Principles of Excellence as issued in Executive Order 13607 and signed on April 27, 2012.

Refer to p. 16 for Military Leave of Absence and to p. 17 for the Withdrawal Refund Policy in SCNM 2017-2018 Course Catalog

Amended Doctor of Naturopathic Medicine Course Descriptions

(Listed in alphabetical order)

ANAT 5048 Neuroanatomy

(Didactic 2 credits)

This course incorporates the gross and microscopic anatomy of the nervous system, its circuitry, functions, pathophysiology, clinical correlations, and an introduction to imaging techniques used for the study of the nervous system. The course stresses the acquisition and use of concepts. Emphasis will be placed on the clinical relevance of the presented material.

Prerequisite: Completion of all previous quarters' courses as outlined in the students' prescribed program of study

CAPS 5018 Basic Sciences Capstone

(Didactic 3 credits) (weeks 1 - 4)

This 4-week block is a capstone for the basic sciences curriculum of the previous three quarters. The topics are integrative and include review of the first-year basic science courses. The final exam is cumulative and covers all of the physiology sequence as well as all the anatomy, biochemistry, immunology and microbiology of the first three quarters.

Prerequisites: completion of all previous quarters' courses as outlined in students' prescribed program of study

MGEN 5038 Medical Genetics

(Didactic 3 credits)

This course focuses on molecular biology and genetics. The topics focus on biosynthesis of nucleic acids, DNA replication, transcription, regulation of translation, and posttranslational modifications. Emphasis is on the human genome and Mendelian inheritance, as well as cellular differentiation, immunogenetics, oncogenetics, nutritional genomics, and pharmacogenetics.

Prerequisites: completion of all previous quarters' courses as outlined in students' prescribed program of study

OMND 7057 Oriental Medicine V: Traditional Chinese Medicine Pathology

(Didactic 4 credits)

In Traditional Chinese Medicine (TCM), treatment plans are based on symptom patterns. In this course, students will learn to identify key symptoms of Zang-Fu organ patterns and the

method of syndrome differential diagnosis of TCM according to Zang-Fu organ system theory. Therapeutic principles and acupuncture treatment for individual patterns will also be studied.

Prerequisites: completion of all previous quarters' courses as outlined in students' prescribed program of study

Selective

PHMD 6981 Advanced Hydrotherapy

(Didactic 3 credits)

Advanced Hydrotherapy Lab expands and deepens the student's experience with many hydrotherapy techniques. A particular emphasis is given to variations for specific diseases and conditions.

Prerequisites: PHMD 6054
